NEW BUCK/WHITTAKER X-TRACT™ LED MULTI-TOOL ALL THE TOOLS YOU NEED WITH ONE-HAND ACCESS

POST FALLS, ID – (June 2007) Building on the success of the X-Tract™ multi-tool, the Buck designers, in conjunction with mountaineer Peter Whittaker, have come up with the new X-Tract™ LED. Through many years of experience, Whittaker and his guides know that projects also happen outside at night, so they asked for the addition of a powerful 5mm LED light for the X-Tract to make it even more indispensable.

Perfectly positioned to illuminate whatever you're working on when using the blade, pliers or Phillips head screwdriver, the LED light can also be used as a small flashlight when the tools are put away. And, as with all the other functions of the X-Tract, the LED light is one hand operable. It also features manual and automatic shut off.

With all the tools you may need for an everyday adventure, the X-Tract LED features spring-loaded needle nose pliers with wire cutters, can/bottle opener, Phillips and flat head screwdrivers, and workman sized Buck blade. With just a simple push of the thumb, you can access every tool. Available at retail for only MSRP \$65, you'll get serious bang for your Buck with the X-Tract LED, pun intended.

Product Features:

- New integrated 5mm LED light (manual and auto shutoff)
- All implements one hand accessible
- Full size 3" drop point blade with grip ridges, 420 HC steel
- Needle nose pliers - spring loaded
- Wire cutter – up to 10 gauge
- #2 Phillips and 3/16" slotted screwdrivers
- Bottle/can opener
- All tools lock in place for secure use
- Stainless steel lanyard loop
- Reinforced pliers/screwdriver liners for strength and torque
- Durable thermoplastic handle in Black and Platinum
- Ergonomically shaped for a comfortable grip
- Buck's advanced Edge2x™ technology
- Sheath included
- Unconditional Lifetime warranty

Arguably the most famous name in sports cutlery, Buck knives and tools are available in a wide range of designs, made specifically for end-users in four basic categories: Outdoor, Hunting & Fishing, Everyday and Tactical.
